

How to get involved?

Our members are the strength of the Duck Creek Watershed Advisory Group. Becoming a member is easy; just \$20 per year gets you invitations to events, and meetings, and the peace of mind knowing you are helping to “protect, maintain, and enhance water quality for future generations..”

To register as a member, please see the inside of this brochure for membership form.

Accomplishments So Far

- Develop & present report on existing groundwater data & review data for the purpose of determining water quality trend based on levels of nitrates, pesticides, chloride, and coli form bacteria. Present results to DCWAG.
- Citizen volunteers began monitoring streams in watershed.
- Watershed residents educated about gypsy moth.
- Watershed residents educated about invasive plants.
- Provide direction for collection of existing groundwater data.
- Watershed nitrate screening.

Duck Creek Watershed Advisory Group

Adams County, Wisconsin
Duck, Fairbanks, Risk, Campbell & White Creeks

Who We Are

The Duck Creek Watershed Advisory Group was founded in 2005, and became a non-profit organization in 2010. We are a grassroots volunteer organization comprised of neighbors and friends in your community.

Our Objective

Our group is focused on providing a volunteer resource for the community at large; to provide an educational resource for water quality concerns; to provide a monitoring resource for the protection of surface and ground water.

Contact Information

Duck Creek Watershed Advisory Group Board Directors

Robin Skala, President
