

We want to hear from people who have lived it

If **addiction** has taken a toll on your life, we want to hear from **you**. Whether you have experienced a drug or alcohol addiction – **or you've loved someone who has** – we invite you to **share your wisdom**. A compassionate team of individuals is seeking input from people who have been there, so we can explore possible solutions for Adams County.

We'll offer two ways to participate:

- **Anonymous surveys** will be available both online and on paper
- **Focus groups** are private, small-group discussions led by a trained facilitator. A notetaker will be there to capture the key messages that are shared (without including names).

Take the **survey** (when it's ready) at
<https://go.wisc.edu/8vg0x8>

Sign up to join a **focus group** at
<https://go.wisc.edu/2zqnb3>

Paper Copies of the survey are available at: The Extension Office, Adams County Library, Rome Pubic Library, Friendship Connection, Health & Human Services and Family Health La Clinica Roche-A-Cri Clinic

Input will be collected in March and April, with a summary available by the end of May.
If you have any questions, contact Sheila Michels at 608-339-4237
